University Pro

eLearning Subscription

Key Benefits

- **Empower teams:** with on-demand access to advanced training content across the full Veeam Data Platform, extending learning beyond foundational skills.
- **Unified path to deeper expertise:** Training spans monitoring and analytics, automation, and security, to support strong technical confidence in advanced technologies.
- **Futureproof learning:** All current and future course versions released during the subscription period are included, ensuring continuous access to the latest updates and resources.
- **Flexible and budget friendly:** The subscription offers a reduced cost approach by providing access to the entire Veeam University PRO training stack within a single purchase.

How to Purchase

The eLearning subscription is delivered through the full Veeam channel ecosystem, making it as simple and familiar to acquire as any other Veeam product. It is fully available in the hands of customers and partners, following the standard purchasing flow.

Use the appropriate SKU based on your profile:

- **Partner SKU:** V VPSTTP 4U SU1YP 00 — find a distributor or an aggregator .
- **Customer SKU:** V VPSTPC 1U SU1YP 00 — find a partner.
